Purpose of this playlist

This playlist weaves together the Human Design Gate transits and the major planetary movements into one song at a time.Each track blends the current Human Design Gate frequency with the astrology transits happening alongside it. Instead of separating the systems, this music brings them into one lived experience. The Gates shift as the Sun moves through the wheel, while planets form conjunctions, squares, trines, oppositions, and other aspects that shape the emotional and psychological atmosphere of the moment.These songs are designed to help people feel the transits, not just study them.If the energy feels intense, confusing, inspiring, or expansive, there is a reason. The planetary climate and the Gate frequency are working together. This playlist gives that movement a voice.You can listen weekly, monthly, or whenever you want to tune into what is active in the collective field.Perfect for:• Following the Human Design calendar• Understanding how astrology and Gates blend together• Emotional processing through music• Reflecting on personal cycles• Staying aligned with the rhythm of 2026If you would like to go deeper into how to interpret these transits in your own chart, the HD Astro membership teaches how to read the Human Design Gates, the 384 Lines, planetary aspects, signs, houses, and over 1,500 astrology transits in a clear and practical way.https://healthmanifested.com/hd-astro-course-options/Let the music guide you ...
