Category: Human Design, Gene Keys and I Ching | 32 video entries

Purpose of this playlist

Explore the Human Design Matched Pairs through this cartoon learning series from Health Manifested.

Matched Pairs are gates that oppose one another in the Human Design mandala. They are also commonly explored as Programming Partners and Opposing Gates. In Gene Keys, these relationships can also be studied through opposing Gene Keys.

Each cartoon in this playlist explores one Matched Pair at a time, helping you understand how the two gates relate, where their energies differ, and how they can work together as part of a larger Human Design interpretation.

These lessons are designed to make Human Design easier to understand through visual learning, simple explanations, and memorable characters.

The full Matched Pair cartoon lessons are available inside the Health Manifested YouTube Inner Circle Membership and are also included inside the HD Astro Membership for deeper study.
