Purpose of this playlist

◑ The Third Quarter Moon is a time of reflection, release, and integration. This phase invites you to look back on what has unfolded since the New Moon, assess what has served you, and let go of what no longer aligns with your path. It’s a period of inner wisdom, acceptance, and preparation for renewal as the lunar cycle moves toward completion.

 These songs are created to support you in embracing release, finding clarity, and reconnecting with your inner balance during this phase of the Moon.
